SAME ORIGIN AND SAME ADVICE

Upon the consent by the State Council and the approval by the State-owned Assets Supervision and Administration Commission of the State Council (SASAC), China CNR Corporation Limited and CSR Corporation Limited merged into CRRC Corporation Limited (CRRC) on the principle of reciprocity, which is an A+H share company. On June 8, 2015, the CRRC was listed on the Shanghai Stock Exchange and Hong Kong Stock Exchange upon the approval by the China Securities Regulatory Commission (CSRC). Headquartered in Beijing, the CRRC has 46 wholly-owned and majority-owned subsidiaries and more than 170,000 employees.

The CRRC, which inherited all the business and assets of China CNR Corporation Limited and CSR Corporation Limited, is the world's largest supplier of rail transit equipment with the most complete product lines and leading technologies. Its main businesses cover the R&D, design, manufacture, repair, sale, lease and technical services for railway rolling stock, EMUs, urban rail transit vehicles, engineering machinery, all types of electrical equipment, electronic equipment and parts, electric products and environmental protection equipment, consulting services, industrial investment and management, asset management, import and export.

The CRRC will adhere to independent innovation, open innovation and collaborative innovation, improve the technology innovation system, and constantly upgrade technology innovation capacity. It has built the world leading rail transit equipment technology platform and manufacturing base. Its high-speed EMUs, high-power locomotives, railway wagons, urban rail vehicles and other typical products, which have fully reached world advanced level, can adapt to various complex geographical environments and meet diverse market needs. The high-speed EMU products manufactured by the CRRC have become an important business card to show China's development achievements to the world. Its products have been exported to around 100 countries and regions in 6 continents. The export of products has also been changing to export of technologies, output of capital goods, and global business transformation.

In the future, with the mission of global integration and going beyond expectation, by seizing the strategic opportunities like the "Belt and Road" Initiative and the rapid development of global rail transit equipment industry, the CRRC will fully adopt the international, diversified, and collaborative development strategies, as well as the global strategy characterized by "transformation, upgrade and transnational business," and strive to be the vanguard of innovation for "Chinese manufacturing 2025" and "Internet +", as well as the world's leading provider of high-end equipment system solutions with rail transit equipment as the core and multinational operations.

在路上
ON THE WAY

我们一直在路上。

路上，有辛酸的坎坷，有怡人的风景，有百年来与祖国大动脉剪不断的深深情结，有一个世纪几代石车人不离不弃的美丽梦想。

整体搬迁、全面复产，我们创造了业内最快速度，实现了地域、结构、规模上的华丽转身。

在这片崭新的土地上，让我们怀着一颗火热的心，带着执着的梦想、肩负光荣的使命，伴随铁路和城市的快速发展，踏上一条更为宽广的希望之路……

CSR Shijiazhuang is advancing in the right direction.

Sometimes under the rough conditions,

Sometimes in the pleasant process.

With deep affection for the national transportation artery, CSR Shijiazhuang has been holding the great dream from one generation to the next since a hundred years ago.

Blueprint for upgrading industry after relocation has been drawn up and the brand new business structure is clearly shown to be three parts including freight wagon, railway air conditioning equipment and other new industry.

With the great passion and dream, CSR Shijiazhuang shoulders the glorious historical mission and advances on the hopeful way to pursue the bright future with fast development of national railway and Shijiazhuang city.
